TODAY'S PROGRAM

Principal Steve Edmunds, a retired Navy pilot, is beginning his third year at Santana Continuation School. Steve explained that a Continuation School is structured for students whose education path just does not work out in a standard high school or the students who need just a little more time to complete their studies. These are not “throw away kids”. There are continuous enrollments, exits, and partial credits. Standard class size consists of 15-20 students. There are no D's and F's and tardiness is tolerated because the schedules of some students include care of siblings and sometimes their own children. (A Day Care Center is available at the school.)

As Kiwanians, we are looking for opportunities to support “vocational” programs in line with our annual Chapman Awards. As with standard high schools, Steve indicated that they are also short on “vocational” programs, but they do have studies for Child Care and Programming. Steve suggested that we could be speakers at Career Days and assist with providing leads for local employers.

Mary Saenz reported that the Relay for Life in West Covina raised \$27,000.00.

Key Club members attended their Division Banquet on Wednesday evening. The Region 13 Picnic will begin at 9:00 a.m. on Saturday, June 25, at Via Verde Park in San Dimas.

A winning opportunity was selected for Manuel, but No Joker was around. *Hail, Kiwanis!*
