As stated in their brochure, “The mission of the San Gabriel Valley Conservation Corps (SGVCC) is to develop and transform disadvantaged youth in the San Gabriel Valley by providing academic, vocational, and leadership development while also employing them to provide valuable services to improve their communities and the natural environment.”

Danny and Monique each spoke about the program which encourages disadvantaged youth ranging in ages 16-25 to earn their high school diplomas, be part of a team, give back to their community, and receive paid job training. The SGVCC provides training in the construction areas of masonry, plumbing, framing, drywall, painting, roofing, and data cabling. Their environmental projects include tree planting, weed abatement, trail construction/maintenance, urban park construction, watershed and habitat restoration, debris and brush removal, erosion control, fire fuel reduction, graffiti removal, and landscaping and irrigation installation.
